

PROJECT

OSS REFURBISHMENT

CLIENT

AUK

CONTRACT VALUE

£100K

OBJECTIVE

Hollingsworth Ellery were selected to carry this sensitive refurbishment of this live office area within AUK.

Normal AUK day to day activities would not be disturbed during this project. Therefore all works were implemented out of hours.

METHOD

The scope of works included reconfiguring offices, replacing lights and ceiling tiles, reconfiguring ventilation, replacing the carpet tiles and redecoration of the entire area.

During each working shift the work stations were moved to allow the refurbishment process and replaced ready for airbus personnel the following morning.

HE also provided temporary communications boards and cascade areas for staff briefing within the construction areas.

RESULTS

The completed project and the late inclusion of stairwells was completed two weeks ahead of schedule.

The local AUK representative praised HE site management for the lack of impact the works had on their operations

SUMMARY

This represented phase one of the works. Due to the success to date HE have been requested to carry out the phase two works
